Affidavit of Rebodyed Vehicle Purpose / Use of Affidavit

This affidavit is to be utilized in applying for an Oklahoma rebodied certificate of title for a vehicle that has been constructed pursuant to the Rebodyed Vehicle provisions of 47 O.S. § 1102 and § 1105.

Definition: 47 O.S. § 1102 defines **Rebodyed Vehicle** as a vehicle which has been assembled using a new body or new major component which is of the identical type as the original vehicle and is licensed by the manufacturer of the original vehicle and other original, new or reconditioned parts. For purposes of this definition, "new body or new major component" means a new body, cab, frame, front end clip or rear end clip. A rebodied vehicle may not be a salvage, rebuilt, or junked vehicle as defined by paragraph 1, 2, or 5 of subsection A of Section 1105 of Title 47. A rebodied vehicle is assigned a new identifying number by Service Oklahoma.

Vehicles failing to meet all statutory criteria outlined above do not qualify for Rebodyed Title issuance. Questions regarding the applicability of the above definition and criteria may be directed to the Title Section of Motor Vehicle Services at the telephone number / email address / mailing address listed below.

Oklahoma Rebodyed Vehicle certificates of title are a distinctive color (yellow), display the year, make and model of the originally manufactured vehicle which has been rebodied and the notation: *This vehicle has been assembled with new major components licensed by the original manufacturer*".

Notice

Approval of this Affidavit and issuance of an Oklahoma title and registration is **not** a confirmation of the road-worthiness of this vehicle. It is the **applicant's responsibility** to ensure compliance with all applicable federal and state safety requirements.

Documentary Requirements for Rebodyed Vehicles

Copies of applicant's ownership documentation (i.e. title; assigned title; bill of sale; etc.) must be provided for each major component referenced on the front of this affidavit. Components from the same vehicle and source should be so noted on the front, as indicated.

- The original (base) vehicle must be titled in Oklahoma and in the applicant's name as a pre-condition for applying for a rebodied title. A photocopy, rather than the original, of that base vehicle title may be forwarded to the Motor Vehicle Services as part of this affidavit review process. If issuance of a rebodied title is approved, the title certificate for the base vehicle is to be surrendered to the tag agency at time of applying for the rebodied title.
- Original Manufacturer Statements of Origin (MSOs), properly assigned to the title applicant, are to be provided for all new numbered components.
- Proof of manufacturer licensing of the appropriate new body or major component is required, pursuant to the above referenced statutory definition.
